

WHOWHATWHEREWHEN2018

This is a guide to art, camps, and events at Apogaea 2018.

Remember, however, that happenings *will* be occurring without a schedule or pre-planned location.

Apogaea is what you make of it—the entertainment is what you and your fellow participants create.

Whatever your special talent might be, share it with us!

Art, events, and camps marked with an * indicate they received a supporting grant from Apogaea in 2018.

DEPARTMENTS

Acculturation - Visit the Acculturation Center to find out about year-round Burning Man opportunities and what it means to be a "Burner."

BAMF (Emergency Services) - The **Bureau of Apogaea Medical and Fire** is led by volunteers from our community to manage our emergency response personnel. If it's beyond the scope of your radical self-reliance, we can assist you to ensure you can enjoy this event for years to come.

Info Booth – Let's help you find a camp, an event, an art piece, your friends, or whatever!

Rangers - **Rangers** are community members and participants who help Apogaeans who are having a less-than-ideal-time at the burn. We help resolve conflicts, connect the community with resources, provide safety perimeters, and help those having an overwhelming experience. We are not law enforcement, we are participants here to help. If you, a campmate, or a fellow participant is in distress or needs help, find someone wearing a radio and have them call for a **Ranger**. If you witness or hear a nonconsensual assault, find someone wearing a radio and have them call for a **Ranger**. Rangers will be roaming the city in pairs, dressed in khaki, and will always be stationed at HQ, next to **BAMF**. We're a friendly crew, so feel free to drop by HQ to learn more about what we do or to share some love.
